EXPERIENCE

Student Hearing Aid Clinician

Ohio State Speech and Hearing Clinic

2021-2022

- Performed hardware and software troubleshooting for medical and non-medical devices including hearing aids, accessory peripheral devices, and mobile phones.
- Interacted directly with patients to provide support and document outcomes.

Technical Consultant

Ikolith Recreations (Tabletop Game Studio)

2022-2023

- Wrote and managed utility scripts, mostly in Python and bash, to automate workflow tasks such as document formatting.
- Developed an automated pipeline to convert and compile Markdown documentation into Latex for publication, reducing the overall time required for document creation by over 50%.

Internal Application Developer

Boxwave (E-Commerce)

2023-2024

- Wrote internal tools in Python and C# to automate vendor interactions via Amazon's seller API, reducing the time requirements for multiple daily administrative tasks by over 90%.
- Maintained a Proxmox cluster for hosting internal web services and databases, and spearheaded the design, implementation, testing, and deployment of automation scripts for related orchestration.
- Acted as the primary technical liaison to management and effectively communicated complex technical concepts to stakeholders
